GPS Navigation

Garmin GPS Navigator

GARMIN NUVI250

The NUVI250 features a touch-screen display and preloaded maps for the U.S., Hawaii, and Puerto Rico. It also has turn-by-turn voice directions.

Sale Price - $249.90

Garmin GPS Navigator

GARMIN NUVI360

This system has a 3.5" display and features maps of the U.S. and Canada, voice directions, and Bluetooth with a built-in mic. It also plays MP3s and JPEGs.

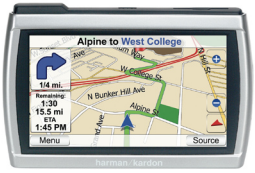
Sale Price - $449.90

Garmin GPS Navigator

GARMIN NUVI660

This system is an upgrade to the NUVI360 with a 4.3" widescreen display and traffic alerts (requires a separate traffic antenna). It also has Bluetooth.

Sale Price - $599.90



Harman Kardon GPS Navigator

HARMAN KARDON GPS500

This easy to use all-in-one navigation system has a 4" widescreen LCD that displays maps of the U.S. and Canada, videos, and MP3s.

Sale Price - $399.90
Without Video Player (GPS300) - $299.90

GPS Installation

GPS Navigation Systems easily integrate into your car. They typically are placed on the dashboard and then hard-wired into the electrical system.

Installation Price - $19.90 **Installation Time - 1 to 1.5 Hours**

Bluetooth Integration

Motorola Bluetooth Handsfree Kit

MOT-HF850

This Bluetooth handsfree system plays your calls from your Bluetooth phone over an add-on speaker. You can answer and end calls from the control unit.

Sale Price - $179.90

Raytel Bluetooth Handsfree Kit

RAYTEL - TELLPHONE4200

This system displays and controls all of your phones functions, including voice features. Your call mutes the radio* and then the call plays over your speakers.

Sale Price - $239.90

Raytel Bluetooth Handsfree Kit

RAYTEL - TELLPHONE5000

This system has a separate LCD screen and wireless rotary controller. It allows voice number and name dialing, as well as access to your phone book.*

Sale Price - $349.90

Bluetooth Installation

Bluetooth systems are easily installed and can be placed almost anywhere in the vehicle. Just place the microphone and display within reach.

Installation Price - $79.90 **Installation Time - 2 Hours**

*Certain vehicles may not apply. See salesperson for details.

iPod Integration

Harman Kardon Drive + Play (DP)

HARMAN DRIVE+PLAY

This system allows you to hide your iPod, control it through a 5-button wheel, and view everything on the separate LCD display. It also charges your iPod.

Sale Price - $99.90

Harman Kardon Drive + Play II (DP2)

HARMAN DRIVE+PLAY II

You can control your iPod through a wireless 5-button wheel, view everything on the separate LCD display and charge your iPod. You can add Bluetooth and SIRIUS satellite radio (modules sold separate).

Sale Price - $399.90

iPod Interface Installation

The degree of difficulty on the installation depends on the type of unit purchased and the vehicle. Both require hard wiring into a power source and into the radio.

DP Installation Price - $59.90 **Installation Time - 1 to 1.5 Hours**
1/8" Aux Cable - $19.90

HD Radio Integration

JVC HD In-Dash Radio

JVC KD-HDR1

The radio features a built-in HD Tuner which provides digital CD quality sound using a standard antenna. It also receives content not available on FM radio.

Sale Price - $199.90

HD Radio Installation

HD Radio installation requires the removal of your existing radio. Depending on the vehicle it may require a dash kit, a wiring harness, and an antenna adaptor.

Installation Price - $29.90 **Installation Time - 1 to 1.5 Hours**
Dash Kit - $19.90 & up **Wiring Harness - $19.90** & up
To Keep Steering Wheel Controls - $130 (includes installation)

Satellite Radio Integration

Portable Sirius Satellite Radio

SIRIUS STILLETO10

Listen to over150 channels of SIRIUS programming in your vehicle. You can schedule and record up to 10 hours of your favorite programs.

Sale Price - $149.90 Car Dock - $49.90

Portable Sirius Satellite Radio

SIRIUS STILLETO100

This system upgrades from the STILLETO10 to 100 hours of record time and built-in WiFi so you can access SIRIUS Radio with a wireless internet network.

Sale Price - $199.90 Car Dock - $49.90

Sirius Satellite Radio and Car Kit

SIRIUS SPORTSTER4

This radio features a car kit and built-in FM transmitter to seamlessly integrate your car. It also records the last 44 minutes of the channel that is currently playing.

Sale Price - $119.90

Portable XM Satellite Radio

XM SKYFI2

You'll get over 150 high quality XM Radio stations. This system saves the last 30 minutes of XM programming and has a 5-line LCD display.

Sale Price - $149.90

Satellite Radio Installation

Satellite Radio installation requires running an antenna to the exterior of your vehicle and connecting the unit to your vehicles power source.

Installation Price - $49.90 **Installation Time - 2.5 to 3 Hours**
1/8" Aux Cable - $19.90

DVD Video Integration

Audiovox 8.5" Drop-Down LCD w/DVD

AUDIOVOX VOD85

This 8.5" drop-down LCD screen features a built-in DVD player, dome lights, an FM modulator, and an IR transmitter for optional wireless headphones.

Sale Price - $599.90

Audiovox 10" Drop-Down LCD w/DVD

AUDIOVOX VOD102

This drop-down is identical to the 8.5" unit above but it upgrades to a 10" screen. It's perfect for bigger minivans and SUVs with multiple kids in the backseat.

Sale Price - $749.90

Audiovox 12" Drop-Down LCD w/DVD

AUDIOVOX VOD122

This system upgrades to a 12" screen and adds on a pair of RF wireless headphones. It also includes a game controller and various trim rings.

Sale Price - $899.90

DVD Video Installation

Both video units require running power to them, while the drop-down DVD requires a bracket to be mounted to the roof. The headrest monitor just replaces the originals.

Installation Price - $99.90 **Installation Time - 6 to 8 Hours**
W/Sunroof Installation Price - $129.90

Car Starter Integration

Compustar Remote Car Starter

COMPUSTAR P1BAMS

This remote starter features a range of up to 500 feet, selectable run time of 15 to 25 minutes, one button that does both start/stop, and an anti-grind feature.

Sale Price - $79.90

Compustar Remote Car Starter

COMPUSTAR 1WMAS-BLACK

This starter adds keyless entry, separate lock/unlock buttons, a start/stop button, and a trunk button. It has a range of up to 800 feet.

Sale Price - $119.90

Compustar Remote Car Starter

COMPUSTAR 1WFM900

Upgrade to 3000 feet of range with this starter via FM technology. It comes with two small compact remotes, and a super bright blue LED.

Sale Price - $149.90

Compustar 2-Way Remote Car Starter

COMPUSTAR 2WFM-S

This two-way system talks to your car to let you know if it's started or locked/unlocked on the color LCD remote. It also comes with a backup remote.

Sale Price - $209.90

Car Starter Installation

Car Starter installation requires mounting an antenna and the starter controller in the vehicle. Depending on the vehicle a security bypass may be needed (additional fee).

Installation Price - $59.90
Security Bypass - $79.90 & up

Installation Time - 3 to 4 Hours
Security Bypass Installation - $19.90
